OBJECTIVE

Web Developer with internship experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Looking for a full-time Web developer role where I can build reliable, user-friendly web applications.

EDUCATION

Bachelor of Engineering – Computer Science Engineering 2024 – 2027
Mahendra Engineering College | CGPA: 7.72 / 10

Diploma – Mechanical Engineering 2019 – 2022
Government Polytechnic College | Percentage: 82%

TECHNICAL SKILLS

- **Web Development:** HTML, CSS, Bootstrap, JavaScript, jQuery, Sass, React.js, Node.js, Express.js
- **Programming Languages:** Python, Java (Basic)
- **Database:** MongoDB, MySQL
- **Tools & Version Control:** Git, GitHub, VS Code
- **Other:** IoT Fundamentals
- **Core Strengths:** Problem-Solving, Coding, Time Management

INTERNSHIP EXPERIENCE

Web Developer Intern — Dalztek Online Services India Pvt Ltd, Bangalore Sep 2023 – Jul 2024

- Built responsive web pages using HTML, CSS, and Bootstrap that worked well across different devices and browsers.
- Created reusable UI components in React.js and connected them to the backend using Express.js, Node.js, and MongoDB to handle data smoothly.

PROJECTS

Training Institute Web App | MERN Stack

- Built a full-stack MERN app to manage user login, student records, and fee tracking for an educational institute, replacing manual paperwork.
- Added data encryption to keep student and fee records secure.
- Designed a mobile-friendly interface so staff could access the system from any device.
- Planned future updates to add role-based access for different types of users (admin, staff, student).

AI-Powered Personalized Learning Recommendation System

- Built a system that reads PDF study materials, pulls out the key topics, and figures out how difficult each one is.
- Created personalized study schedules based on each student's learning pace and progress.
- Built an interactive dashboard where students can track their own progress over time.
- Worked with both frontend and backend to connect the AI logic with the user interface.
